

GAO

OLL 84-4167
6 November 1984

MEMORANDUM FOR: Director of Finance

VIA: Chief, Liaison Division

FROM:
Liaison Division/OLL

STAT

SUBJECT: GAO Study on Payroll Systems

1. Attached for your information is a General Accounting Office study on, "The Federal Government Can Reduce Costs in the Development, Maintenance, and Operation of Civilian Payroll Systems," dated 2 August 1984.

2. The report recommends that the Office of Management and Budget act to reduce the number and operating costs of federal civilian payroll systems. It was found that in FY 1982, there were 75 different payroll systems, with many agencies operating more than one system. This resulted in unnecessary system development and maintenance expenditures.
